The love of money is the root of all evil:

(1 Timothy 6: 10)

If thou lend money to any of my people that is poor by thee, thou shalt not be to him as an usurer, neither shalt thou lay upon him usury. Exodus 22:25

Take no usury of him, or increase...thou shalt not give him thy money upon usury. Leviticus 25:36-37

Unto thy brother thou shalt not lend upon usury: That the Lord thy God may bless thee. Deuteronomy 23:20

In the early Church, any interest on debt was considered usury. Read below to see what interest (usury) on debts, a violation of God's Law, is doing to America.

The National Debt

In 1901 the national debt of the United States was less than \$1 billion. It stayed at less than \$1 billion until we got into World War I. Then it jumped to \$25 billion.

Between 1918 and 1941, on the eve of World War II, the national debt just about doubled — from \$25 to \$49 billion.

Between 1942 and 1952, the debt went from \$72 billion to \$265 billion. In 1962 it was \$303 billion. Eight years later, in 1970, it was \$383 billion.

Between 1971 and 1976 it rose from \$409 billion to \$631 billion. The

estimated debt at the end of this year is \$727 billion, and next year it is expected to top \$800 billion — having nearly doubled in the past eight years.

If the present trend continues, and there is no evidence whatsoever that it will not continue, we can expect the national debt to nearly double again within the next six to eight years. By then, the *interest* on the debt alone should be in the \$400 billion a year range. Eventually, the government will own nothing, the people will own nothing, the banks will own everything.

BILLIONS FOR THE BANKERS DEBTS FOR THE PEOPLE

"If the American people ever allow private banks to control the issue of their money, first by inflation and then by deflation, the banks and corporations that will grow up around them (around the banks), will deprive the people of their property until their children will wake up homeless on the continent their fathers conquered."

..... Thomas Jefferson

THREE TYPES OF CONQUEST

History reveals nations can be conquered by the use of one or more of three methods.

The most common is conquest by war. In time, though, this method usually fails, because the captives hate the captors and rise up and drive them out if they can. Much force is needed to maintain control, making it expensive for the conquering nation.

A second method is by religion, where men are convinced they must give their captors part of their earning as "obedience to God." Such a captivity is vulnerable to philosophical exposure or by overthrow by armed force, since religion by its nature lacks military force to regain control once its captives become become "disillusioned."

The third method can be called economic conquest. It takes place when nations are placed under "tribute" without the use of visible force or coercion, so that the victims do not realize they have been conquered. "Tribute" is collected from them in the form of "legal" debts and taxes, and they believe they are paying it for their own good, for the good of others, or to protect all from some enemy. Their captors become their "benefactors" and "protectors."

Although this is the slowest to impose, it is often quite long-lasting, as the captives do not see any military force arrayed against them, their religion is left more or less intact, they have freedom to speak and to travel, and they participate in "elections" for their rulers. Without realizing it, they are conquered, and the instruments of their own society are used to transfer their wealth to their captors and make the conquest complete.

In 1900 the average American worker paid few taxes and had little debt. Last year payments on debts and taxes took more than half of what he earned. Is it possible a form of conquest has been imposed on our people? Read the following pages and decide for yourself. And may God have mercy on this once debt-free and great nation, in Christ,

BILLIONS FOR THE BANKERS DEBTS FOR THE PEOPLE

THE REAL STORY OF THE MONEY-CONTROL OVER AMERICA

By

Pastor Sheldon Emry

Americans, living in what is called the richest nation on earth, seem always to be short of money. Wives are working in unprecedented numbers, husbands hope for overtime hours to earn more, or take part-time jobs evenings and weekends, children look for odd jobs for spending money, the family debt climbs higher, and psychologists say one of the biggest causes of family quarrels and breakups is "arguments over money." Much of this trouble can be traced to our present "debt-money" system.

Too few Americans realize why Christian Statesmen wrote into Article I of the U.S. Constitution:

"Congress shall have the Power to Coin Money and Regulate the Value Thereof."

They did this, as we will show, in prayerful hope it would prevent "love of money" from destroying the republic they had founded. We shall see how subversion of Article I has brought on us the "evil" of which God's Word had warned.

MONEY IS MAN'S ONLY "CREATION"

Economists use the term "create" when speaking of the process by which money comes into existence. Now, creation means making something that did not exist before. Lumbermen make boards from trees, workers build houses from lumber, and factories manufacture automobiles from metal, glass and other materials. But in all these they did not "create," they only changed existing materials into a more usable and, therefore, more valuable form. This is not so with money. Here, and here alone, man actually "creates" something out of nothing. A piece of paper of little value

is printed so that it is worth a piece of lumber. With different figures it can buy the automobile or even the house. Its value has been "created" in the true meaning of the word.

MONEY "CREATING" PROFITABLE

As is seen by the above, money is very cheap to make, and whoever does the "creating" of money in a nation can make a tremendous profit! Builders work hard to make a profit of 5% above their cost to build a house.

Auto makers sell their cars for 1% to 2% above the cost of manufacture and it is considered good business. But money "manufacturers" have no limit on their profits, since a few cents will print a \$1 bill or a \$10,000 bill.

That profit is part of our story, but first let us consider another unique characteristic of the thing--money, the love of which is the "root of all evil."

ADEQUATE MONEY SUPPLY NEEDED

An adequate supply of money is indispensable to civilized society. We could forego many other things but without money industry would grind to a halt, farms would become only self-sustaining units, surplus food would disappear, jobs requiring the work of more than one man or one family would remain undone, shipping and large movements of goods would cease, hungry people would plunder and kill to remain alive, and all government except family or tribe would cease to function.

An overstatement, you say? Not at all. Money is the blood of civilized society, the means of all commercial trade except simple barter. It is the measure and the instrument by which one product is sold and another purchased. Remove money or even reduce the supply below that which is necessary to carry on current levels of trade, and the results are catastrophic. For an example, we need only look at America's Depression of the early 1930's.

The BANKERS' DEPRESSION OF THE 1930's

In 1930 America did not lack industrial capacity, fertile farmland, skilled and willing workers or industrious farm families. It had an extensive and highly efficient transportation system in railroads, road networks, and inland and ocean waterways. Communications

between regions and localities were the best in the world, utilizing telephone, teletype, radio, and a well-operated government mail system. No war had ravaged the cities or the countryside, no pestilence weakened the population, nor had famine stalked the land. The United States of America in 1930 lacked only one thing: an adequate supply of money to carry on trade and commerce.

In the early 1930's, Bankers, the only source of new money and credit, deliberately refused loans to industries, stores and farms. Payments on existing loans were required however, and money rapidly disappeared from circulation. Goods were available to be purchased, jobs waiting to be done, but the lack of money brought the nation to a standstill. By this simple ploy America was put in a "depression" and the greedy Bankers took possession of hundreds of thousands of farms, homes, and business properties. The people were told, "times are hard," and "money is short. Not understanding the system, they were cruelly robbed of their earnings, their savings, and their property.

MONEY FOR PEACE? NO!

MONEY FOR WAR? YES!

World War II ended the "depression." The same Bankers who in the early 30's had no loans for peacetime houses, food and clothing, suddenly had unlimited billions to lend for Army barracks, K-rations and uniforms! A nation that in 1934 couldn't produce food for sale, suddenly could produce bombs to send free to Germany and Japan! (More on this riddle later.)

With the sudden increase in money, people were hired, farms sold their produce, factories went to two shifts, mines re-opened, and "The Great Depression" was over! Some politicians were blamed for it and others took credit for ending it. The truth is the lack of money (caused by the Bankers) brought on the depression, and adequate money ended it. The people were never told that simple truth and in this article we will endeavor to show how these same Bankers who control our money and credit have used their control to plunder America and place us in bondage.

POWER TO COIN AND REGULATE MONEY

When we can see the disastrous results of an artificially created shortage of money, we can better understand why our Founding Fathers, who understood both money and God's Laws, insisted on placing the power to "create" money and the power to control it ONLY in the hands of the Federal Congress. They believed that ALL citizens should share in the profits of its "creation" and therefore the national government must be the ONLY creator of money. They further believed that ALL citizens, of whatever State or Territory, or station in life, would benefit by an adequate and stable currency, and therefore, the national government must also be, by law, the ONLY controller of the value of money.

Since the Federal Congress was the only legislative body subject to all the citizens at the ballot box, it was, to their minds, the only safe depository of so much profit and so much power. They wrote it out in the simple, but all-inclusive:

"Congress shall have the Power to Coin Money and Regulate the Value Thereof."

HOW THE PEOPLE LOST CONTROL TO THE FEDERAL RESERVE

Instead of the Constitutional method of creating our money and putting it into circulation, we now have an entirely unconstitutional system. This has resulted in almost disastrous conditions, as we shall see.

Since our money was handled both legally and illegally before 1913, we shall consider only the years following 1913, since from that year on, ALL of our money has been created and issued by an illegal method that will eventually destroy the United States if it is not changed. Prior to 1913, America was a prosperous, powerful, and growing nation, at peace with its neighbors and the envy of the world. But—in December of 1913, Congress, with many members away for the Christmas holidays, passed what has since been known as the FEDERAL RESERVE ACT. (For the full story of how this infamous legislation was forced through our Congress, read *Conquest or Consent*, by W.B. Vennard). Omitting the burdensome details, it simply authorized the establishment of a Federal Reserve Corporation, with a Board of Directors (The Federal Reserve Board)

to run it, and the United States was divided into 12 Federal Reserve "Districts."

This simple, but terrible, law completely removed from Congress the right to "create" money or to have any control over its "creation," and gave that function to the Federal Reserve Corporation. This was done with appropriate fanfare and propaganda that this would "remove money from politics" (they didn't say "and therefore from the people's control") and prevent "Boom and Bust" from hurting our citizens. The people were not told then, and most still do not know today, that the Federal Reserve Corporation is a private corporation controlled by bankers, and therefore is operated for the financial gain of the bankers over the people rather than for the good of the people. The word "Federal" was used only to deceive the people.

MORE DISASTROUS THAN PEARL HARBOR

Since that "day of infamy," more disastrous to us than Pearl Harbor, the small group of "privileged" people who lend us "our" money have accrued to themselves all of the profits of printing our money--and more! Since 1913 they have "created" tens of billions of dollars in money and credit, which, as their own personal property, they then lend to our government and our people at interest. "The rich get richer and the poor get poorer" had become the secret policy of our National Government. An example of the process of "creation" and its conversion to people's "debt" will aid our understanding.

THEY PRINT IT –

WE BORROW IT AND PAY THEM INTEREST

We shall start with the need for money. The Federal Government, having spent more than it has taken from its citizens in taxes, needs, for the sake of illustration, \$1,000,000,000. Since it does not have the money, and Congress has given away its authority to "create" it, the Government must go to the "creators" for the \$1 billion. But, the Federal Reserve, a private corporation, doesn't just give its money away! The Bankers are willing to deliver \$1,000,000,000 in money or credit to the Federal Government in exchange for the Government's agreement to pay it back--with interest. So Congress

authorizes the Treasury Department to print \$1,000,000,000 in U.S. Bonds, which are then delivered to the Federal Reserve Bankers.

The Federal Reserve then pays the cost of printing the \$1,000,000,000 (about \$1,000) and makes the exchange. The Government then uses the money to pay its obligations. What are the results of this fantastic transaction? Well, \$1 billion in Government bills are paid all right, but the Government has now indebted the people to the Bankers for \$1 billion on which the people must pay interest! Tens of thousands of such transactions have taken place since 1913 so that by the 1980's, the U.S. Government is indebted to the Bankers for over \$1,000,000,000,000 (trillion) on which the people pay over \$100 billion a year in interest alone with no hope of ever paying off the principal. Supposedly our children and following generations will pay forever and forever! [Since this book was printed in 1984, the national debt has grown to today's 1989 total of approximately 3 trillion dollars.)

AND THERE'S MORE

You say, "This is terrible!" Yes, it is, but we have shown only part of the sordid story. Under this unholy system, those United States Bonds have now become "assets" of the Banks in the Reserve System, which they then use as "reserves" to "create" more "credit" to lend. Current "reserve" requirements allow them to use that \$1 billion in bonds to "create" as much as \$15 billion in new "credit" to lend to States, municipalities, to individuals and businesses. Added to the original \$1 billion, they could have \$16 billion of "created credit" out in loans paying them interest with their only cost being \$1,000 for printing the original \$1 billion! Since the U.S. Congress has not issued Constitutional money since 1863 (over 100 years), in order for the people to have money to carry on trade and commerce they are forced to borrow the "created Credit" of the Monopoly Bankers and pay them usury-interest!

AND THERE'S STILL MORE

In addition to the vast wealth drawn to them through this almost unlimited usury, the Bankers who control the money at the top are able to approve or disapprove large loans to large and successful corporations to the extent that refusal of a loan will bring about a reduction in the price that that Corporation's stock sells for on the market. After depressing the price, the Bankers' agents buy large blocks of the stock, after which the sometimes multi-million dollar loan is approved, the stock rises, and is then sold for a profit. In this manner billions of dollars are made with which to buy more stock. This practice is so refined today that the Federal Reserve Board need only announce to the newspapers an increase or decrease in their "rediscount rate" to send stocks up and down as they wish. Using this method since 1913, the Bankers and their agents have purchased secret or open control of almost every large corporation in America. Using that control, they then force the corporations to borrow huge sums from their banks so that corporation earnings are siphoned off in the form of interest to the banks. This leaves little as actual "profits" which can be paid as dividends and explains why stock prices are so depressed, while the banks reap billions in interest from corporate loans. In effect, the bankers get almost all of the profits, while individual stockholders are left holding the bag.

The millions of working families of America are now indebted to the few thousand Banking Families for twice the assessed value of the entire United States. And these Banking Families obtained that debt against us for the cost of paper, ink, and bookkeeping!

THE INTEREST AMOUNT IS NEVER CREATED

The only way new money (which is not true money, but is "credit" representing a debt), goes into circulation in America is when it is borrowed from Bankers. When the State and people borrow large sums, we seem to prosper. However, the Bankers "create" only the amount of the principal of each loan, never the extra amount needed to pay the interest. Therefore, the new money never equals the new debt added. The amounts needed to pay the interest on loans is not "created," and therefore does not exist!

Under this kind of a system, where new debt always exceeds the new money no matter how much or how little is borrowed, the total debt increasingly outstrips the amount of money available to pay the debt. The people can never, ever get out of debt!

An example will show the viciousness of this usury-debt system with its "built-in" shortage of money.

IF \$60,000 IS BORROWED

– \$255,931.20 MUST BE PAID BACK

When a citizen goes to a Banker to borrow \$60,000 to purchase a home or a farm, the Bank clerk has the borrower agree to pay back the loan plus interest. At 14% interest for 30 years, the Borrower must agree to pay \$710.92 per month for a total of \$255,931.20. The clerk then requires the citizen to assign to the Banker the right of ownership of the property if the Borrower does not make the required payments. The Bank clerk then gives the Borrower a \$60,000 check or a \$60,000 deposit slip crediting the Borrower's checking account with \$60,000.

The Borrower then writes checks to the builder, subcontractors, etc., who in turn write checks. \$60,000 of new "checkbook" money is thereby added to "money in circulation."

However, and this is the fatal flaw in a usury system, the only new money created and put into circulation is the amount of the loan, \$60,000. The money to pay the interest is NOT created, and therefore was NOT added to "money in circulation."

Even so, this Borrower (and those who follow him in ownership of the property) must earn and TAKE OUT OF CIRCULATION \$255,931, almost \$200,000 MORE than he put IN CIRCULATION when he borrowed the original \$60,000! (By the way, it is this interest which cheats all families out of nicer homes. It is not that they can't afford them; it is because the Bankers' usury forces them to pay for FOUR homes to get ONE!)

Every new loan puts the same process in operation. Each borrower adds a small sum to the total money supply when he borrows, but the payments on the loan (because of interest) then deduct a much LARGER sum from the total money supply. There is therefore no way all debtors can pay off the money-lenders. As they pay the principal and interest, the money in circulation disappears. All they can do is struggle against each other, borrowing more and more from the money-lenders each generation. The money-lenders (Bankers), who produce nothing of value, slowly, then more rapidly, gain a death grip on the land, building, and the present and future earnings of the whole working population. Proverbs 22:7 has come to pass in America. The borrowers have

become the servants of the lenders. No wonder God Almighty forbids interest on loans. (See cover again.)

SMALL LOANS DO THE SAME THING

If you haven't quite grasped the impact of the above, let us consider a small auto loan for 3 years at 18% interest. Step 1: Citizen borrows \$5,000 and pays it into circulation (it goes to the dealer, factory, miner, etc.) and signs a note agreeing to pay the Banker \$6,500. Step 2: Citizen pays \$180 per month of his earnings to the Banker. In 3 years he will take OUT of circulation \$1,500 more than he put IN circulation.

Every loan of Banker "created" money (credit) causes the same thing to happen. Since this has happened millions of times since 1913 (and continues today), you can see why America has gone from a prosperous, debt-free nation to a debt-ridden nation where practically every home, farm and business is paying usury-tribute to some Banker. The usury-tribute to the Bankers on personal, local, State and Federal debt totals more than the combined earnings of 25% of the working people. Soon it will be 50% and continue upward.

THIS IS WHY BANKERS PROSPER IN GOOD TIMES OR BAD

In the millions of transactions made each year like those above, little actual currency changes hands, nor is it necessary that it do so. 95% of all "cash" transactions in the U.S. are by check, so the Banker is perfectly safe in "creating" that so-called "loan" by writing the check or deposit slip, not against actual money, but AGAINST YOUR PROMISE TO PAY IT BACK! The cost to him is paper, ink and a few dollars in salaries and office costs for each transaction. It is "check-kiting" on an enormous scale. The profits increase rapidly, year after year, as shown below.

Valley bank posts 49% gain in profits

Gains of 49 percent in net income and 51 percent in operating income were posted last year by Valley National bank.

Those gains brought net income to \$33,969,000 in the year ended Dec. 31 and operating income to \$34,459,000. The year before those totals were \$22,836,000 and \$22,807,000 respectively

Bank's profit rise 21%

Arizona Bank announced on Monday it had achieved a 21.2 percent increase in net income in 1978 over 1977.

On the basis of operating income, excluding the 1977 sale of the Arizona Bank Building for \$1,336,369, the bank

said the increase was 43.9 percent.

Tostenrud said loans and deposits increased in the last year: Deposits 18.8 percent to \$1,353 billion and loans 21.9 percent to \$951 million.

THE COST TO YOU? EVENTUALLY, EVERYTHING!

In 1910 the U.S. Federal debt was only \$1 billion, or \$12.40 per citizen. State and local debts were practically non-existent.

By 1920, after only six years of Federal Reserve shenanigans, the Federal debt had jumped to \$24 billion, or \$228 per person, and State and local debts were mushrooming.

By 1981 the Federal debt passed \$1 trillion and was growing exponentially as the Bankers tripled the interest rates. State and local debts are now MORE than the Federal, and with business and personal debts totalled over \$6 trillion, three times the value of all land and buildings in America.

If we signed over to the money-lenders all of America we would still owe them two more Americas (plus their usury, of course!).

However, they are too cunning to take title to everything. They will instead leave you with some "illusion of ownership" so you and your children will continue to work and pay the Bankers more of your earnings on ever-increasing debts. The "establishment" has captured our people with their ungodly system of usury and debt as certainly as if they had marched in with a uniformed army.

To understand that it really is a "conquest," go back to the front and read the "Three Types of Conquest" again.

The borrower must pay back MORE than he borrowed: so bankers ALWAYS get more than they lend!

FOR THE GAMBLERS AMONG MY READERS

To grasp the truth that periodic withdrawal of money through interest payments will inexorably transfer all wealth in the nation to the receiver of interest, imagine yourself in a poker or dice game where everyone must buy the chips (the medium of exchange) from a "banker" who does not risk chips in the game, but watches the table and every hour reaches in and takes 10% to 15% of all the chips on the table. As the game goes on, the amount of chips in the possession of each player will go up and down with his "luck." However, the TOTAL number of chips available to play the game (carry on trade and business) will decrease rapidly.

The game will get low on chips, and some will run out. If they want to continue to play, they must buy or borrow them from the "banker." The "banker" will sell (lend) them ONLY if the player signs a "mortgage" agreeing to give the "banker" some real property (car,

home, farm, business, etc.) if he cannot make periodic payments to pay back all of the chips plus some EXTRA ones (interest). The payments must be made on time, whether he wins (makes a profit) or not.

It is easy to see that no matter how skillfully they play, eventually the "banker" will end up with all of his original chips back, and except for the very best players, the rest, if they stay in long enough, will lose to the "banker" their homes, their farms, their businesses, perhaps even their cars, watches, rings, and the shirts off their backs!

Our real-life situation is MUCH WORSE than any poker game. In a poker game none is forced to go into debt, and anyone can quit at any time and keep whatever he still has. But in real life, even if we borrow little ourselves from the Bankers, the local, State, and Federal governments borrow billions in our name, squander it, then confiscate our earnings from us and pay it back to the Bankers with interest. We are forced to play the game, and none can leave except by death. We pay as long as we live, and our children pay after we die. If we cannot pay, the same government sends the police to take our property and give it to the Bankers. The Bankers risk nothing in the game; they just collect their percentage and "win it all." In Las Vegas and at other gambling centers, all games are "rigged" to pay the owner a percentage, and they rake in millions... The Federal Reserve Bankers' "game" is also rigged, and it pays off in billions!

In recent years Bankers added real "cards" to their game. "Credit" cards are promoted as a convenience and a great boon to trade. Actually, they are ingenious devices by which Bankers collect 2% to 5% of every retail sale from the seller and 18% interest from buyers. A real "stacked" deck!

YES, IT'S POLITICAL, TOO!

Democrat, Republican, and Independent voters who have wondered why politicians always spend more tax money than they take in should now see the reason. When they begin to study our "debt-money" system, they soon realize that these politicians are not the agents of the people but are the agents of the Bankers, for whom they plan ways to place the people further in debt. It takes

only a little imagination to see that if Congress had been "creating," and spending or issuing into circulation the necessary increase in the money supply, THERE WOULD BE NO NATIONAL DEBT, and the over \$4 Trillion of other debts would be practically non-existent. Since there would be no ORIGINAL cost of money except printing, and no CONTINUING costs such as interest, Federal taxes would be almost nil. Money, once in circulation, would remain there and go on serving its purpose as a medium of exchange for generation after generation and century after century, just as coins do now, with NO payments to the Bankers whatever!

MOUNTING DEBTS AND WARS

But instead of peace and debt-free prosperity, we have ever-mounting debt and periodic wars. We as a people are now ruled by a system of Banker-owned Mammon that has usurped the mantle of government, disguised itself as our legitimate government, and set about to pauperize and control our people. It is now a centralized, all-powerful political apparatus whose main purposes are promoting war, spending the people's money, and propagandizing to perpetuate itself in power. Our two large political parties have become its servants, the various departments of government its spending agencies, and the Internal Revenue its collection agency.

Unknown to the people, it operates in close cooperation with similar apparatuses in other nations, which are also disguised as "governments." Some, we are told, are friends. Some, we are told, are enemies. "Enemies" are built up through international manipulations and used to frighten the American people into going billions of dollars more into debt to the Bankers for "military preparedness," "foreign aid to stop communism," "minority rights," etc. Citizens, deliberately confused by brainwashing propaganda, watch helplessly while our politicians give our food, goods, and money to Banker-controlled alien governments under the guise of "better relations" and "easing tensions." Our Banker-controlled government takes our finest and bravest sons and sends them into foreign wars with obsolete equipment and inadequate training, where tens of thousands are murdered, and hundreds of thousands are crippled. Other thousands are morally corrupted, addicted to drugs, and infected with venereal and other diseases, which they

bring back to the United States. When the "war" is over, we have gained nothing, but we are scores of billions of dollars more in debt to the Bankers, which was the reason for the "war" in the first place!

AND THERE'S MORE

The profits from these massive debts have been used to erect a complete and almost hidden economic and political colossus over our nation. They keep telling us they are trying to do us "good," when in truth they work to bring harm and injury to our people. These would-be despots know it is easier to control and rob an ill, poorly-educated and confused people than it is a healthy and intelligent population, so they deliberately prevent real cures for diseases, they degrade our educational systems, and they stir up social and racial unrest. For the same reason they favor drug use, alcohol, racial intermarriage, sexual promiscuity, abortion, pornog-

raphy, and crime. Everything which debilitates the minds and bodies of the people is secretly encouraged, as it makes the people less able to oppose them or even to understand what is being done to them. Family, morals, love of Country, the Christian religion, all

that is honorable is being swept away, while they try to build their new, subservient man. Our new "rulers" are trying to change our whole racial, social, religious, and political order, but they will not change the debt-money economic system by which they rob and rule. Our people have become tenants and "debt-slaves" to the Bankers and their agents in the land our fathers conquered. It is conquest through the most gigantic fraud and swindle in the history of mankind. And we remind you again: The key to their wealth and power over us is their ability to create "money" out of nothing and lend it to us at interest. If they had not been allowed to do that, they would never have gained secret control of our nation. How true Solomon's words are:

"The rich ruleth over the poor, and the borrower is servant to the lender." Proverbs 22:7

God Almighty warned in the Bible that one of the curses which would come upon His People for disobeying His Laws was:

"The stranger that is within thee shall get up above thee very high; and thou shalt come down very low. He shall lend to thee, and thou shalt not lend to him; he shall be the head, and thou shalt be the tail." Deut. 28:44-45

Most of the owners of the largest banks in America are of Eastern European ancestry and connected with the Rothschild European banks. Has that warning come to fruition in America?

Let us now consider the correct method of providing the medium of exchange (money) needed by our people.

THE CONSTITUTIONAL WAY – EVERY CITIZEN A STOCKHOLDER

If we would have used the Constitutional way of "creating" the money needed in the nation, the Federal Congress would spend most of its time and study on the issuance and control of an adequate supply of stable money for the people. If an increase of population and production required an increase in the medium of exchange, Congress would authorize the "coining," (i.e., printing) of the determined amount. Some could be used to pay current legitimate expenses of the Federal Government, with the balance paid directly to the citizens. Records for payment would be similar

to Social Security records, except a citizen would be recorded at birth, instead of when he first goes to work. Each person on the records as of the date of the Congressional authorization would receive an equal amount just as if he were a stockholder holding one share. Just think--a payment of only \$20 to each citizen would put \$4 billion of debt-free and interest-free money into circulation.

Such a suggestion always scares the Bankers. Their propagandists will immediately cry, "printing press money," and warn that it would soon be "worthless" and would "cause inflation."

The truth is their immense usury charges on their "created" credit (our debt) is the sole cause of "inflation." All prices on all industry, trade and labor must be raised periodically to pay the ever increasing usury charges. That is the ONLY cause of higher prices, and the money-changers spend millions in propaganda to keep you from realizing that.

The money-creators (Bankers) know that if we ever tried a Constitutional issue of debt-free, interest-free currency, even a limited issue, the benefits would be apparent immediately. That they must prevent. Abraham Lincoln was the last President to issue such debt-free and interest-free currency (in 1863) and he was assassinated shortly thereafter.

NO BANKERS' PLUNDER

Under a Constitutional system no private banks would exist to rob the people. Government banks under the control of the people's representatives would issue and control all money and credit. They would issue not only actual currency, but could lend limited credit at no interest for the purchase of capital goods, such as homes. A \$60,000 loan would require only \$60,000 repayment, not \$255,931 as it is now. Everyone who supplied materials and labor for the home would get paid just as they do today, but the Bankers would NOT get \$195,931 in usury. AND THAT IS WHY THEY RIDICULE AND DESTROY ANYONE SUGGESTING GOVERNMENT (CITIZENS') MONEY WITHOUT INTEREST AND WITHOUT DEBT.

History tells us of debt-free and interest-free money issued by governments. The American colonies did it in the 1700's and their wealth soon rivaled England and brought restrictions from Parliament, which led to the Revolutionary War. Abraham Lincoln did it in 1863 to help finance the Civil War. He was later assassinated by an agent of the Rothschild Bank. No debt-free or interest-free money has been issued in America since then. Several Arab nations issue interest-free loans to their citizens today. The Saracen Empire forbade interest on money for 1,000 years, and its wealth outshone even Saxon Europe. Mandarin China issued its own money, interest-free and debt-free, and historians and collectors of art today consider those centuries to be China's time of greatest wealth, culture, and peace.

Germany issued debt-free and interest-free money from 1935 and on, accounting for its startling rise from the depression to a world power in 5 years. Germany financed its entire government and war operation from 1935 to 1945 without gold and without debt, and it took the whole Capitalist and Communist world to destroy the German power over Europe and bring Europe back under the heel of the bankers. Such history of money does not even appear in the textbooks of public (government) schools today.

Issuing money which doesn't have to be paid back in interest leaves the money available to use in the exchange of goods and services, and its only continuing cost is replacement as the paper wears out. Money is the paper ticket by which such transfers are

made and should always be in sufficient quantity to transfer all possible production of the nation to ultimate consumers.

It is as ridiculous for a nation to say to its citizens, "You must consume less because we are short of money," as it would be for an airline to say "Our planes are flying, but we can't take you because we are short of tickets."

STABLE MONEY

Money, issued in such a way, would derive its value in exchange from the fact that it had come from the highest legal source in the nation, and would be declared to be legal to pay all public and private debts. Issued by a sovereign nation, not in danger of collapse, it would need no gold or silver or other so-called "precious" metals to back it. As history shows, the stability and responsibility of the government issuing it is the deciding factor in the acceptance of that government's currency -- not gold, silver, or iron buried in some hole in the ground. Proof is America's currency today. Our gold and silver are practically gone, but our currency is accepted. But if the government was about to collapse, our currency would be worthless. Also, money issued through the people's legitimate government would not be under the control of a privately owned corporation whose individual owners benefit by causing the money amount and value to fluctuate and the people to go into debt.

Under the present debt-usury system, the extra burden of usury forces workers and businesses to demand more money for the work and goods to pay their ever-increasing debts and taxes. This increase in prices and wages is called "inflation." Bankers, politicians and "economists" blame it on everything but the real cause, which is the usury levied on money and debt by the Bankers. This "inflation" benefits the money-lenders, since it wipes out savings of one generation so they cannot finance or help the next generation, who must then borrow from the money-lenders, and pay a large part of their life's labor to the usurer.

With an adequate supply of interest-free money, little borrowing would be required and prices would be established by people and goods, not by debts and usury.

CITIZEN CONTROL

If the Federal Congress failed to act, or acted wrongly, in the supply of money, the citizens would use the ballot or recall petitions to replace those who prevented correct action with others whom the people believe would pursue a better money policy. Since the creation of money and its issuance in sufficient quantity would be one of the few functions of Congress, the voter could decide on a candidate by his stand on money, instead of the hundreds of lesser, and deliberately confusing, subjects which are presented to us today. And since money is, and would remain, a national function, local differences or local factions would not be able to sway the people from the nation's (citizens') interest. All other problems, except the nation's defense, would be taken care of in the State, County, or City governments where they are best handled and most easily corrected.

An adequate national defense would be provided by the same citizen-controlled Congress, and there would be no Bankers behind the scenes, bribing politicians to give \$200 billion of American

military equipment to other nations, disarming us, while alien nations prepare to attack and invade the United States of America.

A DEBT-FREE AMERICA

With debt-free and interest-free money, there would be no high and confiscatory taxation, our homes would be mortgage free with no \$10,000-a-year payments to the Bankers, nor would they get \$1,000 to \$2,500 per year from every automobile on our roads. We would need no "easy payment" plans, "revolving" charge accounts, loans to pay medical or hospital bills, loans to pay taxes, loans to pay for burials, loans to pay loans, nor any of the thousand and one usury-bearing loans which now suck the life-blood of American families. There would be no unemployment, divorces caused by debt, destitute old people, or mounting crime, and even the so-called "deprived" classes would be deprived of neither job nor money to buy the necessities of life.

Criminals could not become politicians, nor would politicians become criminals in the pay of the Money-lenders: Our officials, at all government levels, would be working for the people instead of devising more money to place us further in debt to the Bankers.

We would get out of the entangling foreign alliances that have engulfed us in four major wars and scores of minor wars since the Federal Reserve Act was passed, alliances which are now used to prevent America from preparing her own defense in the face of mounting danger from alien powers.

A debt-free America would mean mothers would not have to work. With mother at home, juvenile delinquency would decrease rapidly. The elimination of the usury and debt would be the equivalent of a 50% raise in the purchasing power of every worker. With this cancellation of all debts, the return to the people of all the property and wealth the parasitic Bankers and their quasi-legal agents have stolen by usury and fraud, and the ending of their theft of \$300 Billion (or more) every year from the people, America would be prosperous and powerful beyond the wildest dreams of its citizens today. And we would be at peace! (For a Bible example of cancellation of debts to money lenders and restoration of property and money to the people, read Nehemiah 5:1-13.)

WHY YOU HAVEN'T KNOWN

We realize this small, and necessarily incomplete, article on money may be charged with oversimplification. Some may say that if it is that simple the people would have known about it, and it could not have happened. But this MONEY-LENDERS' consPIRACY is as old as Babylon, and even in America it dates far back before the year 1913. Actually, 1913 may be considered the year in which their previous plans came to fruition, and the way opened for complete economic conquest of our people. The consPIRACY is old enough in America so that its agents have been, for many years, in positions of influence such as newspaper publishers, editors, columnists, church ministers, university presidents, professors, textbook writers, labor union leaders, movie makers, radio and TV commentators, politicians, and from school board members to U.S. presidents, and many others.

CONTROLLED NEWS AND INFORMATION

These agents control the information available to our people. They manipulate public opinion, elect whom they will locally and nationally, and never expose the crooked money system. They promote school bonds, municipal bonds, expensive and detrimen-

tal farm programs, "urban renewal," foreign aid, and many other schemes which will put the people more into debt to the Bankers. Thoughtful citizens wonder why billions are spent on one program and billions on another which may duplicate it or even nullify it, such as paying some farmers not to raise crops, while at the same time building dams or canals to irrigate more farm land. Crazy or stupid? Neither. The goal is more debt. Thousands of government-sponsored ways to waste money go on continually. Most make no sense, but they are never exposed for what they really are, builders of "billions for the bankers and debts for the people."

So-called "economic experts" write syndicated columns in hundreds of newspapers, craftily designed to prevent the people from learning the simple truth about our money system. Commentators on radio and TV, preachers, educators, and politicians blame the people as wasteful, lazy, or spend-thrift, and blame the workers and consumers for the increase in debts and the inflation of prices, when they know the cause is the debt-money system itself. Our people are literally drowned in charges and counter-charges designed to confuse them and keep them from understanding the

unconstitutional and evil money-system that is so efficiently and silently robbing the farmers, the workers, and the businessmen of the fruits of their labors and of their freedoms.

When some few Patriotic people or organizations who know the truth begin to expose them or try to stop any of their mad schemes, they are ridiculed and smeared as "right-wing extremists," "super-patriots," "ultra-rightists," "bigots," "racists," even "fascists" and "anti-Semites." Any name is used which will cause them to shut up or will at least stop other people from listening to the warning they are giving. Articles and books such as you are now reading are kept out of schools, libraries, and book stores.

Some, who are especially vocal in their exposure of the treason against our people, are harassed by government agencies such as the EPA, OSHA, the IRS, and others, causing them financial loss or bankruptcy. Using the above methods, they have been completely successful in preventing most Americans from learning the things you have read in this pamphlet. However, in spite of their control of information, they realize many citizens are learning the truth. Therefore, to prevent violence or armed resistance to their plunder of America, they plan to register all firearms and eventually to disarm all citizens. They have to eliminate most guns, except those in the hands to their government, police and army.

TELL THE PEOPLE

The "almost hidden" conspirators in politics, religion, education, entertainment, and the news media are working for a Banker-owned United States in a Banker-owned world under a Banker-owned World Government!

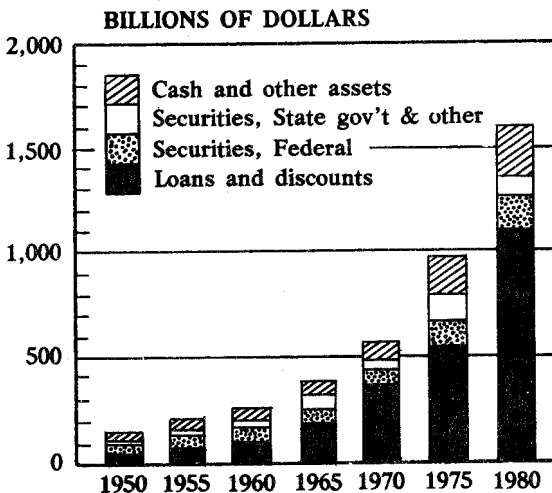

Love of Country, compassion for your race, and concern for your children should make you deeply interested in this, America's greatest problem, for our generation has not suffered under the "yoke" as the coming generations will. Usury and taxes will continue to take a larger and larger part of the annual earnings of the people and put them into the pockets of the Bankers and their political Agents. Increasing "government" regulations will prevent citizen protest and opposition to their control. Is it possible that your grandchildren will own neither home nor car, but will live in "government-owned" apartments and ride to work in "government-owned"

buses (both paying usury to the Bankers), AND BE ALLOWED TO KEEP JUST ENOUGH OF THEIR EARNINGS TO BUY A MINIMUM OF FOOD AND CLOTHING while their Rulers wallow in luxury? In Asia and eastern Europe it is called "communism," in America it is called "Democracy" and "Capitalism."

America will not shake off her Banker-controlled dictatorship as long as the people are ignorant of the hidden controllers. International financiers, who control most of the governments of the nations, and most sources of information, seem to have us completely within their grasp. They are afraid of only one thing: an awakened Patriotic Citizenry, armed with the truth, and with a trust in Almighty God for deliverance. This pamphlet has given you the truth about their iniquitous system. What you do with it is in your hands, as in the hands of Divine Providence: "The fear of man bringeth a snare: but whoso putteth his trust in the Lord shall be safe." Proverbs 29:25

May Jesus Christ both enlighten and have mercy on America.

PRINCIPAL ASSETS OF ALL COMMERCIAL BANKS: 1950 TO 1980

Bankers produce no usable product or any "wealth," yet their usury robbery almost doubles their net assets (wealth) every 10 years!

Is it possible another generation under their "System" will make them "legal" owners of the entire United States and 200 million citizens will be their bond-slaves on the continent our fathers colonized and developed?

SOURCE: Statistical Abstract of United States

1982: Since 1950 the Bankers' "assets" (obtained by fraud) have risen from \$160 billion to almost \$2,000 billions. They are stealing America with their debt-usury system!

AUDIT THE FEDERAL RESERVE SYSTEM?

The Federal Reserve has never been audited by the government since it took over our money and credit in 1913. In 1975 a bill, H.R. 4316, to require an audit was introduced in Congress.

During the April, 1975, hearings, this author submitted a statement favoring the audit, as did many others. It is reprinted on the next two pages from page 306-308 of the 739 pages of testimony given during those hearings before the Subcommittee on Domestic Monetary Policy of the Committee on Banking, Currency, and Housing, House of Representatives. Due to pressure from the money-controllers, it was not passed. No audit has ever been made.

STATEMENT OF PASTOR SHELDON EMRY, PHOENIX, ARIZ.

Mr. Chairman, honorable members of the Committee, I am a minister of the Gospel, with some years of experience in business before entering the ministry. I believe most of you men have had some business experience, and I know you are Ministers, for my Bible says, in Romans 13, that the civil rulers are "*the ministers of God to thee for good.*" Paul continued in verse 4 that the ruler is "the minister of God, a revenger to execute wrath upon him that doeth evil."

During the last years, you men have been increasingly employed in studying and trying to solve an array of problems, many of which are called evils, and all of which have to do with money and economics. Although we do not all agree on the exact definition, or on their effect on the total economy, we are becoming increasingly familiar with such terms as currency, money, coin, credit, borrowing, securities, circulation, bonds, debt, interest, usury, mortgages, inflation, deflation, recession, depression, impoundments, foreclosure, and another score of terms which enter any discussion of the American monetary system or American economics.

John Adams, one of the Founders of this Republic, once wrote, during the difficulties attending the birth of our beloved nation:

"All of the perplexities, confusion and distress in America arises, not from the defects of the Constitution or Confederation, not from want of honor or virtue, so much as from downright ignorance of the nature of coin, credit and circulation."

I believe it is safe to say that most of the confusion and the distress of America two centuries after Adams still arises, in great part, from the same ignorance. American economic history is the record of ups and downs of prosperity and stagnation, although we have continued a general trend of increased population, increased size of the nation, and increased production and standard of living.

In the 1800's we had a number of money or economic panics, or disasters, in which thousands lost a part or all of their accrued possessions because of bank or money failures. Pressure increased for monetary reform.

The problem of an adequate, and at the same time, stable medium of exchange for our expanding nation was not solved in the 1800's, but in 1913 your predecessors enacted the Federal Reserve Act, creating the Federal Reserve System to be governed by a board of governors called the Federal Reserve Board, and many hoped our money problems were solved.

By that Act, the elected Representatives of the People delegated to the Federal Reserve Board both the authority and responsibility to control, through its actions and policies, the amount of money in circulation, the amount of credit available, and in general, the terms of the annual interest percentages, and through all of that, to influence the actual value of the American dollar itself.

That Congress seems to have intended to retain a position in relation to the Federal Reserve System and Board of what we would call Master and Servant seems clear, with the Federal Reserve and its member Banks to be somewhat subservient to the wishes of its Creator, while the Federal Reserve System served as the overseer of the nation's banking system. As you men know, succeeding Congresses have ascribed to this line of thought and action to a greater or lesser extent.

There have been continual statements over the years that the Federal Reserve Board and System is an independent agency--not dependent on politics--and therefore not subject to political pressures, but, in the final analysis, no one has denied but, that the Federal Reserve Board and System is the creation of the U.S. Congress. Congress is the creator--the Federal Reserve Board is the creation. In John 13:16 Jesus Christ said to His Disciples, "Verily, verily, I say unto you, the servant is not greater than his Lord." In Hebrews 3:3 Moses is commended for being "faithful in all his house, as a servant..."

It seems clear to me--and I believe to the members of this Committee of Congress--that the Master-Servant relationship of the United States Congress and the Federal Reserve Board and System was not intended to change. And while that Master-Servant relationship remained, the Federal

Reserve Board, and with its member Banks, were to be the nation's money and credit managers. They were the financial and trust "officers" of the U.S. "corporation" as it were. They were to be the nation's "bookkeeper."

In 1913, when this Master-Servant relationship began, the U.S. Federal debt, as accumulated by previous Congresses, stood at about 2 billion dollars, or \$13 per capita. By the end of 1920, after 7 years, the Federal debt was over 24 billion dollars or over \$200 per capita. By the end of 1940 the Federal debt was over 280 billion dollars or \$1,500 per American citizen, and by 1975 is approaching 500 billion dollars or over \$2,000 for every man, woman, and child in America.

In addition to this, the American People, who were practically debt-free in their homes, farms, and personal possessions in 1913, now are the debtors, through personal debt and through local and State government agencies, for an amount approaching 2 1/2 trillion (\$2,500,000,000,000.00), or more than \$50,000 dollars for the family of five in America. And it is rising several billion each year.

I do not have the exact and up-to-date figures on all of this, but I am sure they are available from the Federal Reserve Board since it is a part of their duties as the controller and bookkeeper of the nation's money and economy to keep such records.

In simple terms, Gentlemen, we have a situation where the Master--or the employer--the United States of America and its people, is in debt to the point of bankruptcy, with more debt-bondage added daily, with its business activity decreasing, its prestige and power disappearing, and foreclosure a future possibility, and the "Servant," the employee, the Corporations bookkeeper and manager if you please, taking possession through its member Banks, of the choicest farms, the businesses, and the natural resources of the nation. The members of the Servant's "family" (member Banks) are able to buy land and build skyscrapers on the expensive downtown properties of all our major cities. They are able to lend to us in return for our municipal bonds, sewer bonds, school bonds, street bonds, civic center bonds, highway bonds, and scores of other bonds, and every few weeks they will lend the Master in Washington, D.C., at interest of course, a few billion, or many billion, as long as they receive in exchange a further promise of payment of more of the labor and property of the present and future generations of the citizens of the nation.

Gentlemen, if any of you were on the Board of Directors of a growing and profitable company in 1913, and you hired a combination financial consultant, credit manager, portfolio controller, presidential advisor and creator of company funds, and after 60 years of his advice, policies, control and bookkeeping, you found your company was broke and on the verge of collapse, and the Servant's relatives and friends were so wealthy they were

buying up much of the company, Gentlemen, you would audit the books or you would not deserve to be on the ruling Board of that Corporation, much less to be Princes and Elders in the greatest nation of all History.

My fellow-Americans, Solomon wrote 3,000 years ago, "The borrower is servant of the lender." 2,000 years ago Jesus said, "Ye cannot serve God and Mammon."

Gentlemen, we are near the end of an Age. God, in His Mercy, has made America Great, and has Blessed her and her People above all other People upon the face of the earth. You are His Ministers, and you have the responsibility to quit yourselves like men--to fulfill your authority as Ministers of God to the People for their good. If you do not, America will continue her present course toward a certain disaster, and God, who has proclaimed His own certain future rule over all of the Kingdoms of this earth, will, at a future date, soon I pray, raise up other men in this Nation of Destiny, to do that which must be done to release His People from bondage.

On our hallowed Liberty Bell are these Words from the Bible, "Proclaim liberty throughout all the land unto all the inhabitants thereof." The rest of verse 10 of Leviticus 25 reads, "It shall be a jubilee unto you; and ye shall return every man unto his possession, and you shall return every man unto his family." Not "liberty" from a foreign army nor from a threatening neighbor, but liberty from the fear of, and the actual loss of, his possessions and his family. Your predecessors, about 15 years ago, placed one of those Liberty Bells in every State Capitol in America. Gentlemen, your courage, and your intelligence to act now, in the face of opposition, to find out why it is that every working man and farmer in America must live in fear of losing his possessions and his family to a devouring money and economic system, may well make America's way into the New Age much easier, and much more in line with the Will of the God who made us. We are promised that in the Kingdom Age every man will sit under his own vine and under his own fig tree, and I can assure you it will NOT be mortgaged to the Bankers. May Jesus Christ guide and bless your deliberations and decisions for our People and our Nation.

NOTEABLE MONEY QUOTES

PRESIDENT JAMES A. GARFIELD: "Whoever controls the volume of money in any country is absolute master of all industry and commerce."

HORACE GREELEY: "While boasting of our noble deeds, we are careful to conceal the ugly fact that by an iniquitous money system we have nationalized a system of oppression which, though more refined, is not less cruel than the old system of chattel slavery."

THOMAS A. EDISON: "People who will not turn a shovel full of dirt on the project (Muscle Shoals Dam) nor contribute a pound of material, will collect more money from the United States than will the People who supply all the material and do all the work. This is the terrible thing about interest....But here is the point: If the Nation can issue a dollar bond it can issue a dollar bill. The element that makes the bond good makes the bill good also. The difference between the bond and the bill is that the bond lets the money broker collect twice the amount of the bond and an additional 20%. Whereas the currency, the honest sort provided by the Constitution, pays nobody but those who contribute in some useful way. It is absurd to say our Country can issue bonds and cannot issue currency. Both are promises to pay, but one fattens the usurer and the other helps the People. If the currency issued by the People were no good, then the bonds would be no good, either. It is a terrible situation when the Government, to insure the National Wealth, must go in debt and submit to ruinous interest charges at the hands of men who control the fictitious value of gold. Interest is the invention of Satan."

PRESIDENT WOODROW WILSON: "A great industrial Nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the Nation and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated Governments in the world--no longer a Government of free opinion, no longer a Government by conviction and vote of the majority, but a Government by the opinion and duress of small groups of dominant men." (Just before he died, Wilson is reported to have stated to friends that he had been "deceived" and that "I have betrayed my Country." He referred to the Federal Reserve Act passed during his Presidency.)

SIR JOSIAH STAMP (President of the Bank of England in the 1920's, the second richest man in Britain): "Banking was conceived in iniquity and was born in sin. The Bankers own the earth. Take it away from them, but leave them the power to create deposits, and with the flick of the pen they will create enough deposits to buy it back again. However, take it away from them, and all the great fortunes like mine will disappear, and they ought to

disappear, for this would be a happier and better world to live in. But, if you wish to remain the slaves of Bankers and pay the cost of your own slavery, let them continue to create deposits."

MAJOR L.L.B. ANGAS: "The modern Banking system manufactures money out of nothing. The process is perhaps the most astounding piece of sleight of hand that was ever invented. Banks can in fact inflate, mint and unmint the modern ledger-entry currency."

RALPH M. HAWTREY (Former Secretary of the British Treasury): "Banks lend by creating credit. They create the means of payment out of nothing."

ROBERT H. HEMPHILL (Credit Manager of Federal Reserve Bank, Atlanta, Ga.); "This is a staggering thought. We are completely dependent on the commercial Banks. Someone has to borrow every dollar we have in circulation, cash or credit. If the Banks create ample synthetic money we are prosperous; if not, we starve. We are absolutely without a permanent money system. When one gets a complete grasp of the picture, the tragic absurdity of our hopeless position is almost incredible, but there it is. It is the most important subject intelligent persons can investigate and reflect upon. It is so important that our present civilization may collapse unless it becomes widely understood and the defects remedied very soon."

CONGRESSMAN LOUIS T. McFADDEN: "The Federal Reserve (Banks) are one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my voice who does not know that this Nation is run by the International Bankers."

JOHN C. CALHOUN (Speech in the Senate, May 28, 1836): "A power has risen up in the government greater than the people themselves, consisting of many and various powerful interests combined in one mass, and held together by the cohesive power of the vast surplus in the banks."

LYOF N. TOLSTOY (in *What Shall We Do?*, 1891): "Money is a new form of slavery, and distinguishable from the old simply by the fact that it is impersonal -- that there is no human relation between master and slave."

THOMAS JEFFERSON (Letter to Elbridge Gerry, Jan. 26, 1779): "Banking establishments are more dangerous than standing armies."

WILLIAM COBBETT (in *Advice to Young Men*, I, 1829): "The power which money gives is that of brute force; it is the power of the bludgeon and the bayonet."

SOPHOCLES (*Antigone*, c. 450 B.C.): "Money lays waste cities; it sets men to roaming from home; it seduces and corrupts honest men and turns virtue to baseness; it teaches villainy and impiety."

YOUR MINISTER?

ANYONE?

By the 1980's virtually no prominent individual or national organization of influence in America, including religious organizations, opposes or exposes the Bankers' plunder. Because of that silence most Americans live out their whole lives in this land without ever learning how they are being robbed.

Small groups of patriots are opposing the Bankers. One is LIBERTY LOBBY which publishes The SPOTLIGHT, a weekly newspaper (\$32 per year or \$59 for two years, 300 Independence Ave. S.E., Washington, D.C. 20003). Each Issue exposes the anti-American shenanigans of the Bankers, Communists and other enemies of America. Every patriotic American family should subscribe.

Read this short booklet over again.

Since the politicians, the major news media and the churches will not warn the people, that warning is up to us AND YOU! Will you pray AND ACT?

IS IT POSSIBLE GOD KNOWS ABOUT OUR PLIGHT?

*"But this is a people robbed and spoiled;
they are all of them snared in holes,
and they are hid in prison houses;
they are for a prey, and none delivereth;
for a spoil, AND NONE SAYETH, RESTORE.*

*"Who among you will give ear to this?
Who will hearken and bear for the time
to come?" (the "last days") Isaiab 42:22-23*

WHAT YOU CAN DO

Pray for America's release from this wicked money control, which is at the root of our debts and wars.

Send copies of this book to officials in your State government, to school board members, principals, teachers, ministers, neighbors, etc. Ask them for their comments.

Write letters to elected or appointed officials. Write "letters-to-the-editor" to newspapers. Most small town and suburban newspapers are not totally controlled, while most of the big city newspapers are.

Give or mail them out by the hundreds to awaken and educate other Americans to this fantastic plunder of the working people of America. The cost to you is VERY LITTLE compared to the BILLIONS in money and property being STOLEN from our people.

The Bible has scores of passages condemning the robbery of the workers and the poor by the wicked. For a Bible-related study of this evil system of plunder, write to the publisher of this booklet for a list of books, tracts, and cassette sermons on Bible Law and Prophecy.
